

Job description

We are looking for a Dentist to join our team and provide quality care to our patients. The successful candidate will be responsible for diagnosing and treating dental issues, performing routine check-ups, providing preventive care advice, and educating patients on proper oral hygiene. The ideal candidate should have excellent communication skills, a commitment to patient care, and a passion for the field of dentistry.

Responsibilities:

- Diagnose and treat dental diseases, injuries, and malformations of teeth and gums.
- Perform preventive and restorative dentistry.
- Educate patients on oral hygiene and preventive care.
- Provide patient counseling on diet, brushing, flossing, and other oral hygiene practices.
- Perform root canals, extractions, and other surgical procedures as needed.
- Take x-rays of teeth and diagnose any abnormalities.
- Keep detailed records of patient treatments.

Job Type: Full-time

Benefits:

- 401(k) with employer matching
- Health insurance
- Dental insurance
- Vision insurance
- Generous paid time off plans
- Other voluntary benefits available as well

Schedule:

- Day shift

Ability to commute/relocate:

- Wise, VA 24293: Reliably commute or planning to relocate before starting work (Required)

Work Location: In person

As a 501(c)(3) we qualify for the Public Student Loan Forgiveness program, or we are able to work with those who may be on other types of loan forgiveness programs. Our area is a beautiful area of Appalachia with opportunities for outdoor recreation, a low cost of living, and an incredible population of people to serve!

For further details, anyone interested email bsherman@thehealthwagon.org and ahess@thehealthwagon.org. Thanks so much!

DENTAL PROBLEMS GO BEYOND APPEARANCE—THEY CAN IMPACT OVERALL HEALTH AND EVEN JOB OPPORTUNITIES. WHEN JOSH CAME TO THE HEALTH WAGON, HE HAD JUST BEEN LAID OFF AND WAS PREPARING TO START HIS JOB SEARCH. YEARS OF CONSUMING ACIDIC ENERGY DRINKS HAD TAKEN A TOLL, LEADING TO SIGNIFICANT TOOTH DECAY.

OUR DENTAL TEAM QUICKLY DEVELOPED A SOLUTION TO RESTORE BOTH FUNCTION AND CONFIDENCE. THEY PROVIDED

A TEMPORARY FIX TO IMPROVE HIS SMILE UNTIL HE COULD RETURN FOR PERMANENT CROWNS AND BRIDGES. WITH RENEWED COMFORT, JOSH WAS ABLE TO CONTINUE MANAGING HIS LANDSCAPING BUSINESS AND PURSUE NEW JOB OPPORTUNITIES WITH CONFIDENCE.

AT 80 YEARS OLD, JIMMIE'S LOVE FOR SINGING NEVER FADED—

BUT SHE HAD TO PUT IT ON HOLD WHEN HER OLD DENTURES MADE PERFORMING IMPOSSIBLE. HAVING NEEDED DENTURES SINCE AGE 24 DUE TO PAST ABUSE, REPLACING THEM WAS FINANCIALLY OUT OF REACH ON HER FIXED INCOME. AFTER RECEIVING TREATMENT AT OUR CLINIC, JIMMIE NOW HAS A BRAND-NEW SET OF DENTURES. "THESE ARE THE PRETTIEST TEETH I HAVE EVER HAD," — JIMMIE. WITH HER NEW SMILE, JIMMIE IS BACK TO DOING WHAT SHE LOVES—SINGING FOR THE LORD.

WE UNDERSTAND THAT EVERY PATIENT HAS UNIQUE NEEDS, ESPECIALLY CHILDREN WITH SENSORY SENSITIVITIES AND SEVERE DENTAL ANXIETY. WHEN A 12-YEAR-OLD PATIENT WITH SPECIAL NEEDS CAME TO US UNABLE TO TOLERATE EVEN A SIMPLE EXAM, OUR TEAM OFFERED GENTLE, STEP-BY-STEP CARE IN A CALM AND SUPPORTIVE ENVIRONMENT. WE HELPED THE CHILD OVERCOME THEIR FEARS, ULTIMATELY PROVIDING A CUSTOM SET OF DENTURES THAT TRANSFORMED THEIR ABILITY TO EAT, SPEAK, AND SMILE.
